The Property

Large dramatic stones mark the entrance to this 98-acre property on one of the best roads in King. A tree-lined driveway leads to the main residence which is positioned to enjoy the spectacular views over the rolling land and long views. The house is surrounded by stunning perennial gardens, enormous pieces of granite forming many terraces around the home and a relaxing waterfall into the small pond. To the north of the home is a heated 3 car garage. The driveway then leads to the original renovated bank barn and the second residence.

The property is a beautiful mix of farmland, rolling meadows with a large hardwood forest, part of the Happy Forest.
